

Locally Heavy Rainfall and Thunderstorms Expected over parts of the island.

Urgency: Future

Severity: Minor

Certainty: Possible

Issued:

Sat 10 Oct 2026
15:50

Effective:

Sat 10 Oct 2026
15:50

Expires:

Sun 11 Oct 2026
06:00

Area:

Islandwide

Description:

A mid to upper level trough system is expected to affect the island during the next 24 hours. This may cause heavy showers in some locations and therefore, flooding and landslides are expected

Instruction:

-Stay away and avoid driving into flooded streets and landslide prone areas. -Plan outdoor activities accordingly. -Listen for updates from the Met Office.
